

Product Overview

Nationwide Twin Wire Mesh is perfect for Sports pitches, MUGA (Multi Use Game Areas) pitches, or Boundary fencing. Its double wire system offers double the strength of normal mesh panels to withstand constant impact but stay intact.

Available in 868 or 656 mesh profiles, the additional vertical wires also offer an added layer of security with increased protection against cut-through, aided by a secure full height clamp bar fixing system.

Features

- **MUGA Pitches**

We design our pitches to any size or colour to include Football goal ends or Basketball goals.

- **Vandal Resistant**

The twin wire material offers double the strength of a normal panel to resist the impact of constant sports use.

- **Added Features**

We work with our clients to design the perfect sports pitches for their requirements. We can offer goal ends or Basketball goals, and have their fence any colour the client requires.

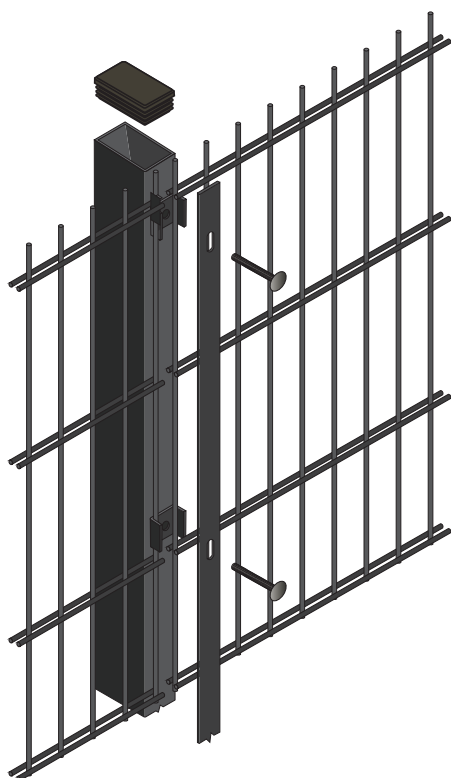

Technical Specification

Fence Height	Panel Width	Post Centres	Post Size
1200mm	2500mm	2520mm	60x40mm
1800mm	2500mm	2520mm	60x40mm
2000mm	2500mm	2520mm	60x40mm
2400mm	2500mm	2520mm	60x40mm
3000mm	2500mm	2520mm	80x40mm
